Version Control 1.1.1

PLAR General Performance Notes for the Unrestricted Surface Supplied Diver

This information is required to assist with the initial assessment.

In order to help facilitate the Unrestricted Surface Supplied Diver P.L.A.R. please complete the following:

1. All surface supplied helmets that you have used.
2. Note any chamber training time or chamber dives.
3. Note all hot water suit dives.
4. Note all dry suit dives and total hours in a dry suit.
5. Note all power tools used underwater.
6. Note all underwater burning or underwater welding operations or training that you have received.
7. Note all dives where a diver's stage was used.
8. Provide a brief description of your diving history and project. A current resume is also found to helpful.

The items noted below must be brought to school for the first day. * Original Documents Required

In the event that your CPR / First-Aid or Oxygen Provide qualifications are not current these certificates can be updated at school. All books and support materials are available for purchase if required.
